PROPOSED PROJECT NAME:

One Leaf For Living

SUMMARY / BRIEF DESCRIPTION ABOUT THE PROPOSED PROJECT

If we planting one tree for each we can save and solve the climate change crisis. Nowadays, most of the people around the world live in high level pollution. Garbage, water, air are the big problem in the modern era. These cases are familiar and we have to find out the solutions. We can solve this problem together step by step, inch by inch, day by day synergize.

What legacy would you want to leave?
Put one plant will be a good solution!
