#### **RATIONALE FOR THE PROJECT:**

Loving animals is sometimes very hard but not to everyone. The students' task is to show that animals are very adorable and fun to have them around. When the students can spread the reasons why these animals are important and special, then we can share how this animal can be saved. Either as individuals or in societies, everyone can take action and save the animals.

#### **EXPECTED CONTRIBUTION FROM ASIAN SCHOOLS/STUDENTS:**

Students will have to find an animal as their favourite. Take some 'beauty in action' photos, state why this animal needs protection and collect information on what can be done to save it.
