PROPOSED PROJECT NAME:

Chem - Connect

PROJECT DESCRIPTION / SUMMARY

Chem - connect is a project wherein the students will promote the importance of Chemistry to daily life existence. The project will include events like workshops and preparation with the teachers, followed by a public activity where students share their enthusiasm and interest with people in the community. After the event, they will create a video and blog showing the highlights of their activities pertaining to Chemistry and share this with other students from Asia and Europe.

RATIONALE FOR THE PROJECT:

Chemistry is often tagged by many as one of the most difficult and abstract subjects. Oftentimes, there are some who opine negative ideas and misconceptions about Chemistry and many are unaware of the significance and practical applications of this subject to daily life activities. With Chem- connect project, it is expected that the people of the community as well as the students should be able to recognize and appreciate the practical applications/ contributions of Chemistry to their daily lives.

EXPECTED CONTRIBUTION FROM ASIAN SCHOOLS/STUDENTS:

1. Facilitate the flow of ideas between chemistry and society using students as mediators
2. Develop the communication skills of the students through promotion of various chemistry products
3. Promote public understanding of chemistry among the people of the community
4. Appreciate the contributions of chemistry to daily life activities
5. Use technology as collaborative tool in the exchange of ideas

EXPECTED CONTRIBUTION FROM EUROPEAN SCHOOLS/STUDENTS:

Same as above.
